

To whom it may concern

Quite simply Peter Stevenson is the best tiler we have ever known. After tiling our first bathroom in marble we didn't even bother to obtain alternative quotes when our guest bathroom needed doing. This was an extremely difficult project technically in slate and travertine with very awkward patterning but Peter took it all in his stride and did a truly marvellous job.

We wouldn't hesitate to recommend Peter to anyone who needs any type of tiling doing.

Mr and Mrs G. Price (West Bridgford)
